

On page 10 of the specification, before the second paragraph, please insert the following heading: **Brief Description Of The Drawings.**

IN THE CLAIMS:

Please cancel claims 1, 3, 4, 9 and 10 without prejudice to further prosecution.

Please add the following new claims:

17. A molecule comprising complement control protein modules 1-4 of complement factor H.
18. The molecule of Claim 17 wherein complement factor H is human complement factor H.
19. The molecule according to claim 18, wherein complement control protein modules 1-4 have the sequence of SEQ ID NO: 9.
20. A molecule according to claim 19, for use in inhibiting complement activation.
21. A molecule according to claim 20, having an enhanced efficacy when compared to FHp155.
22. A complement system inhibiting molecule comprising complement control protein modules selected from the group consisting of 1-4, 1-5 and 1-6 of complement factor H.
23. The molecule according to claim 22, the complement factor H being human complement factor H.
24. The molecule according to claim 22, for use in inhibiting complement activation.
25. The molecule according to claim 22, having an enhanced efficacy when compared to FHp155. - -
